

Together We Grow...

Its Mardi Gras! Laissez les bons temps rouler!!

Spring is around the corner, time to do the last prep...

Cut out or down to the base all dead plants and bushes to allow for new growth to excel.

Prep your grass to get in front of the weeds. Use a topical weed killer and then overlay a pre-emergent granule to get the next generation that will be coming soon. If untreated, weeds will choke out your grass.

Check your sprinkler system. Run each zone and see if everything is working correctly. Broken heads will create a nasty water bill.

Getting Hungry?

There's a new food trailer next to CVS on the NW corner of brodie/slaughter. The Perfect Bite. Various burgers with vegan options too. Show them a little love for coming to our side of town.

LOVE CHICKEN WINGS?...then what about The Potluck? Another food trailer on the SW corner of Manchaca/Stassney. Finger licking good! Some think its one of the best in ATX.

And now that you're a Texan, Wednesday April 2 is Texas Independence Day!! Celebrate at Lustre Pearl, a fun outdoor/indoor venue on Menchaca with doors opening at 6pm. Free live music and food specials plus a MECHANICAL BULL! You know you've always wanted to try...

Reminder: If you have a contractor doing work at your house and they leave trash, debris, leftover rocks/dirt in the street, you will need to clean up after them. Let's be mindful and good neighbors.

NEXT COMMUNITY SOCIAL?

How about a Crawfish Boil? Save the date April 9th. Lots of other fun things and food are being planned. Have a thought or idea... let us know!

ALREADY MISSING THE HOLIDAYS?

We are starting a holiday lights committee. Job is to think of an overall layout/design so we can have consistently good results. Please help if you can! Email back if you have interest.
